General Statement of Professional Experience (written by firm)

AKF is an award-winning full service engineering firm, specializing in HVAC, electrical, plumbing, fire/life safety, controls, central utilities, energy management, technology, critical systems, commissioning, testing, lighting design and sustainable design services. AKF's practice has grown since 1989 by collaborating with our clients to deliver responsive, cost effective solutions. The firm is now comprised of 26 Partners; has offices in Arlington, Boston, New York, Minneapolis, Philadelphia, Princeton, Rochester, Stamford, and Mexico City; and staffs has more than 350 engineers, a majority of which hold professional licenses. AKF has successfully provided engineering services for a wide range of facility types including corporate, education, healthcare, critical systems, central utilities, science and technology, residential, retail, and cultural buildings.
